

Helping the people you serve stay safely in the home they love.

Keystone Accessibility installs [stairlifts](#), [curved stairlifts](#), [ramps](#), [home elevators](#) and [platform lifts](#) for homeowners in central Pennsylvania. Getting started is free and no-pressure.

What we install

Stairlifts

New and used

Curved stairlifts

Custom-fit rails

Ramps

Modular ramps

Home elevators

Shaftless options

Platform lifts

Vertical and inclined

How a referral helps

- A free in-home visit, with no charge and no pressure.
- Families know exactly what they are looking at before they commit.
- Measurements and an honest recommendation.
- A local, owner-operated company founded by Darrell Foster.

Three easy ways to get a stairlift quote

- 1 Your client does it from home**
With our mobile stairlift quote link, your client sends photos and measurements from their own phone and gets a stairlift quote within 24 hours.
- 2 You take the photos**
You or your staff, already in the home, take photos and measurements with a phone and a tape measure in about 5 minutes. We send a stairlift quote within 24 hours.
- 3 Free in-home consultation**
Prefer a visit, or need something other than a stairlift? Email info@keystoneaccessibility.com to set up a free, no-pressure in-home consultation.
